Thursday, March 26, 2020

Good morning CTHS students and parents,

I hope you are all doing well and your families are safe, healthy, and virus free.

We have had a great beginning to our online learning this week. Thank you to all the students who have logged in and started their online learning. 79% of the students who have logged in to Edgenuity courses are already ahead of pace and that is outstanding! Thank you to all of our parents and families who are supporting our students and providing time and space for them to work on their online learning courses.

In order to provide additional help and support for you, our campus technology specialist, Mr. Webb, has created and coordinated a document with many helpful links to digital resources that will assist you with your online learning.

On this document, there is also a link to contact us at CTHS so that we can help you with specific questions or needs.

We update the CTHS Student/Parent Resources Guide regularly with new information and links, so you will want to check this page consistently for helpful information.

Access the CTHS Student/Parent Resources Guide, at this link: https://tinyurl.com/CTHSDLresources

We will be maintaining regular contact with students through teacher, counselor, and administrator contacts. Please email or contact us if you have any questions.

You may email your questions, concerns, or thoughts to cths@pasadenaisd.org.

We are monitoring this inbox regularly and directing your emails to the staff who can provide support and answers for you.

Thank you again for making our first week of online learning a great success!

We miss our students and staff and look forward to all being back together again at CTHS as soon as possible.

Have a great rest of your week!

Steve Fleming
Principal
Dr. Kirk Lewis Career & Technical High School
